Leesons Primary
EYFS Home Observations

At Leesons Primary School we appreciate that you know your children better than anyone and so we would like you to be involved in contributing to your child’s profile. We would like you to share your child’s achievements with us and email us if you feel your child has achieved something new at home.

This could simply be a brief account of what you have observed your child doing or it could be a photograph of your child completing an activity with an accompanying caption. Please keep your observations concise.

This could include answers to the following questions-  What did you child say?  What did your child do?  What have they accomplished or achieved?  What are they trying to master?

Please send your observations to
g.dobbs@leesons.bromley.sch.uk or
k.regan@leesons.bromley.sch.uk or
J.maple@leesons.bromley.sch.uk
OR upload to your Class Dojo.
Example of observations:

We went to the seaside at the weekend and Gertrude enjoyed collecting shells and building sandcastles.

Robert ate melon for his dessert and said “this is healthy”.

While walking in the woods, Eric said ‘look at the pine cones they are spikey’ - he then collected some to take home.

On Saturday Colin sat and completed a puzzle. He concentrated for a period of 10 minutes to finish it.

At the weekend Dolly rode her bike for the first time without stabilisers.

During the bedtime story, Tiffany pointed at a letter T and said that’s my letter.
