

The Magic Box

I will put in my box

a football shirt

a bird

and a car

I will put in my box

a dragon's wing,

a rocket,

the sun.

I will put in my box

a mountain,

an iceberg,

waves.

I will put in my box

A 13th month to the year,

the giggle of a cat,

a princess on a dinosaur.

My box is made from wood, diamonds and glass,
with stripes on all its sides and diamonds on the lid.
Its hinges are made from witches' fingers.

I shall dance in my box

to some music

then sit on my chair and

dream of ice cream.
