Who? Famous Artists		
Adding materials to paint to add texture	 	 
Frida Kahlo	<ul style="list-style-type: none"> • Frida Kahlo was born in Mexico in 1907 • She had polio that left her disabled when she was 6 years old and some people think that she may have had spina bifida (a birth defect affecting the development of part of the spine) as well. • She studied medicine and was going to become a doctor. • Because of a traffic accident at age 18 which badly injured her, she had periods of severe pain for the rest of her life. • After this accident, Kahlo no longer continued her medical studies but took up painting. • She used ideas about things that had happened to her. • Her paintings are often shocking in the way they show pain and the harsh lives of women, especially her feelings about not being able to have children. • Fifty-five of her 143 paintings are of herself. She was also influenced by native Mexican culture. 	  

What? Key Skills
<ul style="list-style-type: none"> • To study the work of other artists and talk about the techniques they have used. • To know that the primary colours can be used to create the secondary colours. • To explore the effect on paint of adding different materials e.g. water, sand, glue, sawdust etc. • To create pattern and shape through selected use of primary and secondary colours.
